***54 High Quality, Dual Purpose Paddock Reared Rams
Available on the Day***

We are exceptionally pleased with our line up of 15 month old rams this year with them all carrying the carcass attributes and white bright crimped Polwarth wool that the breed is renowned for. This year's line-up of rams are averaging 86kg paddock reared. We have had a much harsher year than previous which has brought us down with a thud! The sheep however are not showing signs of this and are still looking exceptional for a harder time.

Taljar Polwarths Breeding Objectives Include:

To Breed a True All-rounder Sheep that produces wool and meat @ a 50:50 Ratio. These characteristics include:

- Long staple, high Yielding lustrous Crimped Wool
- Soft Handling 21-23 Micron
- 5-6kg Wool Cut
- Fertile
- Docility
- Doing Ability from extra muscle and Fat Content
- Maternal Instincts
- Producing Prime Lambs Even as a Pure Blood
- Ability to Thrive in Cold Wet Conditions

This Year's Rams are:

- The Rams are all June Drop
- April Machine Shorn
- Early September Micron Tested
- If any ram does not perform during his first joining we will replace for free
- All Stock Scan Figures are from when the animal was 8 months old
- All Rams Through an Agent of Your Choice

Our Rams bloodlines This Year Include

Green: Taljar Tiny Tim 0161

Black: Belantha 391

Purple: Rockthorpe A.I

Brown: Mount Alma Polwarths

Dark Blue: Taljar Purple 101 (one of our original families dating back to the 1970's)

Red: Taljar 112 Jackson He is mated with our super studs specially selected each year.

Lt Blue: Taljar 95 Dark Tyson (one of our original family bloodlines dating back to 1975) Over Tiny Tims Daughters

Orange: Mount Crawford

Yellow: Grandchildren of Rockthorpe A.I.

Royal Blue: Jared's Stud

White: Sires of white 40 D Blue. This ram was Champion Junior Ram Bendigo 2015 and part of the Reserve Champion Interbreed Breeders Group Bendigo 2015. Progeny have taken his stunning wool

Pink: Bel-antha/ Mount Alma Bloodline

Our rams offered have been put through their paces with selection criteria including structural correctness, growth rates, wool cut, micron testing, stock scanning, and then finally when the animals pass all the tests they make it to our annual open day. We hope that you enjoying looking at this all purpose breed and that 2018 continues as good as 2017!

86kg	58.5kg	80kg	5.7kg	34/72/5/53	single	Top 3 Eye Muscle

This ram may look slightly out of place because he was shorn in August. He was shorn for this for the possibility to go the Adelaide show to show off his magnificent carcass and growth. But late decision to place in sale as we are keeping a brother. Wool is white, crimp you can feel and a true Stud Ram.

282 Black

Micron	s.d	C.V	Comfort Factor
