***54 High Quality, Dual Purpose Paddock Reared Rams
Available on the Day***

Taljar Polwarths Breeding Objectives Include:

To Breed a True All-rounder Sheep that produces wool and meat @ a 50:50 Ratio. These characteristics include:

- Long staple, white, high Yielding lustrous Crimpy Wool
- Soft Handling 20-23 Micron
- 5-6kg Wool Cut
- Fertile
- Docility
- Doing Ability from extra muscle and Fat Content
- Maternal Instincts
- Producing Prime Lambs Even as a Pure Blood
- Ability to Thrive in Cold Wet Conditions

This Year's Rams are:

- The Rams are all June Drop
- March Machine Shorn
- August 2021 Micron Tested
- All 6 months wool lot 1 and 2 (the 2 year olds) July shorn
- Lot 3 & 3 are 12 months fleece as were prepared for Adelaide Show.
- If any ram does not perform during his first joining, we will replace.
- All Stock Scan Figures are from when the animal was 8 months old
- Drenched with Startect night before the sale

Our Rams Sires This Year Include

199 Green: Junior Champion Ram of Bendigo Sheep and Wool Show 2019. Thick Boned ram, with beautiful structure and snow white, deep bold crimp to his fleece. Last years top priced ram at the sale.

255 Black: Mount Crawford bloodline. Exceptional lock on this bloodline with good follicle density. Round as a wine barrel.

160 Brown: 160 Browns background is a pure mount alma Polwarth ewe with Tiny Tim. Different bloodline ram who has taken on the growth rate of Tiny Tim. Doing ability is second to none, this summer the ram lambs had a rough time and all the brown progenies were thriving.

Lt Blue: Taljar 363. Our cover boy, he is the top ram on the front cover. Rated as one of our best rams we have ever bred. This ram is hard to fault, high growth, barrel, length of carcase, bone. High yielding white crimpy wool who cuts 13kg each year. He really does have it all. Is a real game changer ram, progeny take on their fathers massive growth weight from a young age.

Orange: Taljar 388 Orange. Heavy wool cut, pure, great locked ram. This fella cut 11kg skirted of 23-micron wool, he throws some of our most higher performing families. He is the sire of 2018 and 2019 champion ewe at Bendigo Sheep and Wool Show

112 Yellow: A ram that is hard to fault. Pure, high muscle, huge growth and born a twin. Extremely stylish wool in combination of fantastic skin which means he is finer micron and excellent wool cut.

Royal Blue: Jared's Stud that derives from Rockthorpe semen.

White: Sire of the whites is Taljar Ray. This ram was Interbreed Long wool Champion at Adelaide Show 2017. Sired some of our stud's top sheep both rams and ewes. This ram has sired some of the best stud ewes on the property

Pink: Bel-antha Bloodline rams. Lyall Belantha's stud master has always been known as a top wool classer; and this shows through his bloodline. Impeccable wool on these sheep with excellent wool cutting traits.

Purple & Green Discs: New bloodline family whose wool is so bold you can feel the crimp!! Masculine rams with great early growth

TALJADE Green: These rams are a Mount Crawford Bloodline mated to Taljar 268 Green; one of Taljar's top leading sires. He possesses a lustres 21 micron fleece with an 8kg wool cut.

Taljade Orange: A NSW bloodline mated to some of Taljars superior cast for age ewes. This ram has the hindquarters of a British breed whilst growing a freegrowing 20 micron fleece. Very well put together animal.

- Taljade rams are currently in their 2nd year of merinoselect (ASBV's). Please contact Talisa if you wish to access some of the data.

Our rams offered have been put through their paces with selection criteria including structural correctness, growth rates, wool cut, micron testing, stock scanning, and then finally when the animals pass all the tests, they make it to our catalogue. They have performed well for the considerably tough start that they experienced. With a late break to the season and reduce pasture quantity compared to other seasons they did have a tougher time. They have recovered exceptionally well, and we are really pleased with the line up knowing that they will perform well for our clients.

LOT 1

809 ORANGE

Micron	S.D	C.V	Comfort Factor	Wean Weight (5 months)	Weight 8 months	Wool weight	Eye muscle depth and width and fat(8 months of age)	Comments
